By Paul Hardin

Harold Cole, vice president and general manager of the Florida State Chamber of Commerce, is the subject of an interesting story in this month's issue of the Florida Municipal Record. The story was written by Jean Laurie, since Mr. Cole will not be in the Lake region I am reprinting the story in full. It is interesting and goes to show how thoroughly and skillfully a man who is thoroughly sound on his job. The story follows:

If ever there's a cello playing above Florida — we hear much about economic limitations these days — it ever a visible or hidden force moves to cut Florida down to the size, say, of Georgia or Illinois New York, the contract will be awarded over the dead body of Harold Cole.

That's saying a heap, but if you've ever followed the mental footprints of this gentle-as-a-kitten Cole — this Saint Augustine fully-militarized Florida — you'll find that those teeth were set on steel rails of the Florida East Coast — you either come to terms with the company's Florida loves, or find yourself beneath the overturned citrus field box. Before Cole had shown his public face, Harold Cole was taking down in shorthand the words of the company's Florida loves, or find yourself beneath the overturned citrus field box. Before Cole had shown his public face, Harold Cole was taking down in shorthand the words of the company's Florida loves, or find yourself beneath the overturned citrus field box.

He doesn't even in FEC-employment for a dozen years now, but he is a veteran of the company's Florida loves, or find yourself beneath the overturned citrus field box. Before Cole had shown his public face, Harold Cole was taking down in shorthand the words of the company's Florida loves, or find yourself beneath the overturned citrus field box.

He knows no other sun than Florida's, vehemently believes that Florida is the best place to live, and he expects every shrimp which quits Florida waters for those of adjoining Georgia, Alabama, to regain its senses and return to the eventual Florida river tide or canyons.

He feels sorry for folk who must live in other states, but if a Florida man is to be a Florida man, he must live in Florida. He feels sorry for folk who must live in other states, but if a Florida man is to be a Florida man, he must live in Florida.

Carnival By P-T. A. In Pahokee

Plans are being made for one of the best carnivals ever to be sponsored in Pahokee by the local Parent-Teacher association. Mr. Barry, chairman of the finance committee, and her committee are in charge of arrangements. Friday, October 31, has been set as the date of the carnival. The Ft. Lauderdale football game which was originally scheduled for that evening, has been set up to Thursday evening because of Halloween.

Mrs. Cecil Hill is chairman in charge of the king and queen contest, which is sponsored each year by the Mothers' club, and which has always been an outstanding feature of the carnival.

Assisting Mrs. Barry are Mrs. Geo. C. McFarley, Mrs. G. E. Ramsey, Mrs. W. H. May, and Mrs. C. L. Wilder.

Relief Is Asked By Holland At Once To Aid Gasoline Users

Gas Curtailment A Threat To Vegetable, Citrus Industries of State

Had the weather this month in the Lake area been favorable to farming and the usual vegetable and citrus crops, the situation would have been a serious gasoline shortage under the present rules made effective by the government. The distributor of gasoline in this section, said: "The inclement weather which cut down production and truck movement of green vegetables was the only reason we have had chaotic conditions in gasoline distribution. Had we experienced regular movement of vegetables during the month of October, we would have been unable to move this immediate area."

Rainfall Damages Growing Crops In This Farming Area

The Section West of Lake Harbor Is Hardest Hit, Report Shows

It started Friday night while the Pahokee Blue Devils and the "Okechobee" football were playing football — the rain we mean. It didn't stop the Lake Region at some time Monday afternoon. It rained so much that it took in throughout this vast farming section and damaged fall crops extensively.

A survey made Monday noon in the section west of Lake Harbor revealed a sight that looked like Lake Okechobee had spread over the countryside — but it hadn't — it was the result of heavy rain. The water was several inches deep. Acres of growing beans were under water and hundreds of acres of corn, beans, and other crops were inundated.

New Mail Service To The East Coast

All mail for Miami and the Southeast Florida Coast mailed after 2:00 o'clock p.m. has been put on the new mail service to the East Coast. This has caused inconvenience and extra expense for individuals and businesses in the Glades. One concern has been the delay in getting mail to West Palm Beach. The new service will be made up of a Panhandle, Canal Point, and Belle Glade which will go to Okechobee and then make connections with a train which goes directly to West Palm Beach and on down the coast. Nominal Price For Building Lot

TAIRPON SPRINGS, Oct. 23.—Sincere homebuilders may secure desirable well located building lots in Tarpun Springs at the nominal price of \$50. It was announced by the City Commission. City owned lots will be made available to anyone who will locate and build a home.

In Coral Gables, city fathers voted recently to continue large parcels of property on which taxes have not been paid for development as public playgrounds.

Mayor Whitely stated that the city would foreclose on these delinquent properties and hoped to establish a park and playground in each section of the community.

The annual meeting of the Florida Press association will be held at Ocala, November 12, 14, 15. During the meeting editors and their families will be guests of Ray & Davidson at Silver Springs.

GIVE YOUR CAR HIGH ANTI-KNOCK IN BOTH SPEED RANGES

Don't you find that you drive your car mainly in the two-speed ranges symbolized by these boats? You use the low speed range in traffic and the high speed range on the open road. Therefore for knockless driving, you need a gasoline that gives high anti-knock in both these speed ranges—not in just one.

SINCLAIR H.C. DOUBLE RANGE GASOLINE

Sinclair H.C. Gasoline gives you this Double-Range Anti-Knock. The reason is that H.C. goes through two special processes in the course of refining. Ask your nearby Sinclair Dealer for a tankful of Sinclair H.C. Gasoline today. It gives you Double-Range Anti-Knock, yet sells at the price of regular grade.
